

TASN AWARD GUIDELINES

OUTSTANDING ACHIEVEMENT AWARD FOR CONTINUING EDUCATION

AWARD DESCRIPTION

The Continuing Education Outstanding Achievement Award for TASN members is designed to recognize one individual per chapter for achievement in the area of continuing education. Employees who consistently work toward self-improvement through educational opportunities are an asset to food and nutrition programs. Completion of a goal such as technical, vocational or professional programs, a college degree, reaching a Level of TASN certification, or earning a GED deserves recognition by one's peers.

LOCAL CHAPTER PROCEDURES

TASN members from each school site within a school district select, by secret ballot, one TASN member, as a nominee to receive the honor and represent their school in the chapter competition. The name must be submitted on the application form to the chapter president/supervisor director, who then gives the application to a committee, consisting of office personnel outside of the school food service department. This committee will select from all applicants submitted, and one person will be selected.

The chapter president/supervisor/director completes the proper form nominating the person selected by the outside committee and completes the application form by the posted deadline. Entries received after that date will not be considered. Award winners will be featured in TASN publications and recognized at the Annual Conference.

REQUIRED DOCUMENTATION

The award application form requires the submitter to attach a typed signed paragraph by the chapter president/director/supervisor stating why the above member is deserving of this award and why he/she should be selected.
